Financial Policies and Benefit Assignment- Read and Sign

I authorize Georgia Psychiatry & Sleep to furnish information as necessary to my insurance carrier regarding my illness and treatment, and I assign to Georgia Psychiatry & Sleep all insurance payments for medical services rendered. I understand that I am responsible for providing all necessary information to the office or submitting charges to the insurance company for payment. If I fail to provide this information, I accept the financial responsibility of payment for services rendered. This office has a cancellation policy that requires 24 - hour advance notification. I understand that if I cancel with less than 24 hour notice, a charge will be made for the time reserved. This charge is not covered by insurance and is not payable from any insurance company.

Consent to treatment with psychotropic medications

The indications for the medication(s) that are a part of my treatment plan have been discussed with me. I understand that, on occasion, some psychotropic medications may be used for psychiatric conditions or symptoms, despite a lack of FDA approval for these uses. I accept this, and accept the advantages and disadvantages of this treatment. Based on the information provided, I agree to comply with the instructions provided by my physician.

If I have further questions or concerns about the medication(s) or treatment, I understand that I should contact the prescribing physician as soon as possible.

Consent to treatment with Telemedicine

By signing this form, you agree that you have read, understand and agree with these terms if scheduled for a telemedicine appointment

I confirm by my signature below that:

I am aware of the provider that I am scheduled to have my telemedicine appointment with.

I have been able to ask questions about telemedicine sessions with GPS staff.

I am aware that I can reach out to the office if I have any other questions.

I understand no guarantees have been made about success or outcome, and I agree to take part in a telemedicine appointment.

I understand that the telemedicine consultation will be similar to a routine medical office visit.

I understand that this is an option on a temporary basis due to the COVID-19 Pandemic.

Office policies

Listed below are all office policies. All office policies must be acknowledged and agreed to prior to the initial evaluation.

Compliance with office policies are required. Please check each box after reading for acknowledgement.

- New patient no-show fee of \$100 will be required before our staff is able to reschedule an initial evaluation
- Existing patient no-show fee of \$50 . new patients and can be requested at any time at a follow-up visit for
- medication management, at the discretion of your provider. The UDS cost is \$15
- Existing talk therapy patient no -show/same day cancelation \$100
- Patients with 3 or more missed/cancelled appointments may be considered for possible termination from our practice
- There is a \$25 fee for same-day cancellations. All cancellations will be considered on a case-to-case basis
- Patient responsibility is due at the time of service
- Any medication refill requests will be considered on a case-to-case basis, and if approved by the provider, will be a cost of \$25 if refilled without an appointment.
- Insurance, address, phone number and pharmacy changes need to be updated with our office.
- Any disability cases must require hospital based program and will be referred out. Disability paperwork will NOT be evaluated and completed by this practice.
- Patient is responsible for providing our office with up to date and active insurance.

I have received and read the office policies, financial policy and patients’ rights and responsibilities. A copy of these forms have been emailed and can be provided by request.

Date

Over the last 2 weeks, how often have you been bothered by any of the following problems?

	Not at all	Several days	More than half the days	Nearly every day
1. Little interest or pleasure in doing things	0	1	2	3
2. Feeling down, depressed, or hopeless	0	1	2	3
3. Trouble falling or staying asleep, or sleeping too much	0	1	2	3
4. Feeling tired or having little energy	0	1	2	3
5. Poor appetite or overeating	0	1	2	3
6. Feeling bad about yourself- or that you are a failure or have let yourself or your family down	0	1	2	3
7. Trouble concentrating on things, such as reading the newspaper or watching television	0	1	2	3
8. Moving or speaking so slowly that other people could have noticed? Or the opposite- being so fidgety or restless that you have been moving around a lot more than usual	0	1	2	3
9. Thoughts that you would be better off dead or hurting yourself in some way	0	1	2	3

Please total your score. Total Score: _____ = _____ + _____ + _____ + _____

If you checked off any problems, how difficult have these problems made it for you to do your work, take care of things at home, or get along with other people?

Not difficult
at all

Somewhat
difficult

Very
difficult

Extremely
difficult

Instructions: Please answer the questions to the best of your ability. This is based on a period of time, lasting at least 3-4 consecutive days, where these symptoms occurred together:

	Yes	No
1. Has there ever been a period of time when you were not your usual self and...		
...you felt so good or so hyper that other people thought you were not your normal self or you were so hyper that you got into trouble?		
...you were so irritable that you shouted at people or started fights or arguments?		
...you felt much more self-confident than usual?		
...you got much less sleep than usual and found you didn't really miss it?		
...you were much more talkative or spoke much faster than usual?		
...thoughts raced through your head or you couldn't slow your mind down?		
...you were so easily distracted by things around you that you had trouble concentrating or staying on track?		
...you had much more energy than usual?		
...you were much more active or did many more things than usual?		
...you were much more social or outgoing than usual, for example, you telephoned friends in the middle of the night?		
...you were much more interested in sex than usual?		
...you did things that were unusual for you or that other people might have thought were excessive, foolish or risky?		
...spending money got you or your family in trouble?		
Total Number of "Yes" responses		
2. If you checked YES to more than one of the above, have several of these ever happened during the same period of time?		
3. How much of a problem did any of these cause you – like being unable to work; having family, money or legal troubles; getting into arguments or fights?		
Please circle one response only: No Problem Minor Problem Moderate Problem Serious Problem		
4. Have any of your blood relatives (i.e. children, siblings, parents, grandparents, aunts, uncles) had manic-depressive illness or bipolar disorder?		
5. Has a health care professional ever told you that you have manic-depressive illness or bipolar disorder?		

Are you living with Adult ADHD?

Many adults have been living with Adult Attention Deficit/Hyperactive Disorder (Adult ADHD) and don't recognize it. These symptoms are often mistaken for a stressful life. If you've felt this type of frustration most of your life, you may have Adult ADHD - a condition your doctor can help diagnose and treat.

The following questionnaire can be used as a starting point to help you recognize the signs/symptoms of Adult ADHD but is not meant to replace consultation with a trained healthcare professional. **An accurate diagnosis can only be made through a clinical evaluation.** Regardless of the questionnaire results, if you have concerns about diagnosis and treatment of Adult ADHD, please discuss your concerns with your physician.

This Adult Self-Report Scale-V1.1 (ASRS-V1.1) Screener is intended for people aged 18 years or older.

Adult Self Report Scale

Check the box that best describes how you have felt and conducted yourself over the past 6 months. Please give the completed questionnaire to your healthcare professional during your next appointment to discuss the results.	Never	Rarely	Sometimes	Often	Very Often
1. How often do you have trouble wrapping up the final detail of a project, once the challenging parts have been done?					
2. How often do you have difficulty getting things done in order when you have to do a task that requires organization?					
3. How often do you have problems remembering appointments or obligations?					
4. When you have a task that requires a lot of thought, how often do you avoid or delay getting started?					
5. How often do you fidget or squirm with your hands or feet when you have to sit down for a long time?					
6. How often do you feel overly active and compelled to do things, like you were driven by a motor?					

Over the last 2 weeks, how often have you been bothered by the following problems?

	Not at all	Several days	More than half the days	Nearly every day
1. Feeling nervous, anxious or on edge	0	1	2	3
2. Not being able to stop or control worrying	0	1	2	3
3. Worrying too much about different things	0	1	2	3
4. Trouble relaxing	0	1	2	3
5. Being so restless that it is hard to sit still	0	1	2	3
6. Becoming easily annoyed or irritable	0	1	2	3
7. Feeling afraid as if something awful might happen	0	1	2	3

Please total your score. Total Score _____ = _____ + _____ + _____ + _____

12. What is your usual sleep schedule?

What time do you go to sleep on a typical school/work day? _____

What time do you awaken on a typical school/work day? _____

13. How long does it take you to fall asleep on most nights:

- less than 20 minutes
- 20-40 minutes
- greater than 40 minute

Urine Drug Screen Policy

For your initial visit and, at least yearly thereafter, patients will be asked to submit a urine specimen for analysis. The results confirm that all prescribed medication is being taken properly and that there are no conflicting substances present that could cause a negative interaction, presenting a danger to your health and wellbeing.

There is a \$15.00 charge each time a urine sample is provided. That charge covers the cost of the materials used here in the office for your visit. The sample is then sent to a lab for complete analysis. Georgia Psychiatry & Sleep is not involved in the claim process between insurance and the third party lab. If you do not have insurance or if you receive correspondence from the lab that you have questions regarding, please do not hesitate to contact us.

By signing below, you indicate that you have read, understand, and agree with the policy explained above. This document will be scanned as a record on your chart and of course, you may request a copy for your own records at any time.
